OXEN

1. The first of the oxen
was a very fine specimen
of the breed, and was
used for the purpose of
pulling the carriage.
The second was a very
small one, and was used
for the purpose of pulling
the carriage. The third
was a very large one, and
was used for the purpose
of pulling the carriage.
The fourth was a very
small one, and was used
for the purpose of pulling
the carriage. The fifth
was a very large one, and
was used for the purpose
of pulling the carriage.
